

Department of Defense/University of Houston Workshop on Superconductivity and Development of MgB₂ Wire/Tape for Power Application

February 18, 2004, DOE, Forrestal Building, Washington, DC

Workshop Coordinators

John M. Sofia	SofiaJM@nswccd.navy.mil	(215) 287-4062
Alex Ignatiev	Ignatiev@uh.edu	(713-743-8215)

Agenda

Wednesday, February 18 - Room 6A-092 Forrestal Bldg.

12:30 pm	Registration	
1:00 pm	Welcoming Remarks	DOE
1:05 pm	Opening Remarks	John Sofia/NSWCCD
1:15 pm	Introduction	Alex Ignatiev/UH
	Outline of Superconducting Technology Center of Excellence concept	
	Players in STCE	
	Approach to HTS Utilization	
	2 nd generation coated conductor use	
	Initial focus on MgB ₂	
	Review of T _c SAM/HARC Coil Project	Kamel Salama/UH
	NSWCCD measurements of coil	Michael Golda/NSWCCD
3:00 pm	Break	
3:15 pm	STCE technology roadmap development	Alex Ignatiev
	STCE Funding opportunities	John Sofia/Mike Wade
5:00 pm	Workshop Summary	John Sofia
5:15 pm	Meeting Adjourns	
6:00 pm	Dinner	TBD
